

DIRECTOR OF CENTRAL INTELLIGENCE  
*Science and Technology Advisory Panel*

10 DEC 1981

The Honorable James W. Buckley  
Under Secretary for Security Assistance,  
Science and Technology  
T - Room 7208  
Department of State  
Washington, D.C. 20520

Dear Jim,

On behalf of the entire DCI S & T Advisory Panel, I want to thank you for taking the time to visit with us on Monday, December 1. The Panel members were unanimous in their belief that it was the most interesting and productive session of the entire two days. We found your entire outlook on the Technology Transfer Issue to be outstanding, not to mention refreshing. If all policy makers had minds as open as yours, there would be no end to the things that could be accomplished.

I'm sorry about the mix-up on the address. In discussing it, we decided that it was a Freudian slip on the part of the secretariat (who also had to eat cold sandwiches). Everyone would have preferred, I think, to have had the meeting at a posh French restaurant.

Again, many thanks for talking to us. I am well aware how busy your schedule is, and want you to know that we appreciate it.

Sincerely,

[Redacted Signature]

Chairman  
Science and Technology Advisory Panel
